## EXPERIENCE

### Full Stack Developer.

February 2025 - Present

*Mobius by Gaian Solutions.*

*Hyderabad, Telangana*

- **RunRun**

- \* Implemented an advanced project tracking dashboard with interactive cards for real-time visibility.
- \* Improved operational oversight for 15+ project teams through integrated tracking features.
- \* Integrated workflow APIs to automate and track 10+ backend processes, reducing manual effort by 40%.

- **Mobius Agent Canvas**

- \* Designed core and favourite prompt flows enabling users to interact with agents and execute commands.
- \* Built features to attach artifacts and reuse prompts across 20+ workflows, improving efficiency.

### Software Developer.

November 2024 - January 2025

*HealthOFin.*

*Remote*

- **FarmIT**

- \* Built a farmer-investor platform with 10+ secure APIs, role-based onboarding, and farm listings.
- \* Designed dashboards and admin controls for 3 roles, enabling oversight, reporting & seamless interaction.
- \* Optimized role-based interactions by integrating secure verification and streamlined onboarding processes.

## PROJECTS

**Yuno** | [Next.js 15](#), [TailwindCSS](#), [Prisma](#), [Clerk](#), [Gemini API](#)

**GITHUB** [↗](#) **LIVE** [↗](#)

- Designed an AI-powered platform for tailored quiz-based interview preparation across 50+ industries.
- Implemented dynamic role-specific question generation with real-time insights from market trends.
- Achieved 80% quiz completion rate by optimizing question relevance, pacing, and overall user experience.

**react-prompt-palette (NPM Package)** | [React](#), [TypeScript](#), [TailwindCSS](#)

**GITHUB** [↗](#) **LIVE** [↗](#)

- Built a sidebar-based prompt management reusable react component that attaches to text inputs.
- Reduced prompt repetition by 60% through creation, editing, and reuse with localStorage persistence.
- Reached 500+ downloads within two weeks, gaining traction among AI and developer communities.

## EDUCATION

**Guru Ghasidas Vishwavidyalaya, A Central University.**

2020 - 2024.

*Bachelor of Technology in Computer Science and Engineering. CGPA: 8.87.*

*Bilaspur, CG.*

## TECHNICAL SKILLS

**Languages/Databases:** JavaScript, TypeScript, Python, MongoDB, SQL

**Technologies/Frameworks:** TailwindCSS, Node.js, Express.js, React.js, Next.js.

**Developer Tools:** Git, GitHub, VS Code, Figma, IntelliJ, Sublime Text, Atom.

**Soft Skills** Interpersonal Communication, Creativity, Adaptability, Problem Solving.

## ACHIEVEMENTS

- Finished **2nd** in the Internal **SMART INDIA HACKATHON** (Team Name: Wee Coders).
- Secured **3rd rank** in coding contest organized by Equillibrio '24 ITGGV in collaboration with **CodeChef**.
- **Global Rank 157** in **CodeChef** February Long (among 19k participants).
- **Global Rank 1312** in **CodeChef** Starters 27 (among 21k participants).

## POSITIONS OF RESPONSIBILITY

- **Executive Member – Web Development Team**, Developer Student Clubs (GGV) — Took sessions on Git and version control for 50+ students, helping them manage projects.
- **Executive Member – Competitive Programming Team**, CodeChef ITGGV Chapter — Organized 10+ events on competitive programming topics.
